

TALEAMOR PARK

two-week to one-year residencies

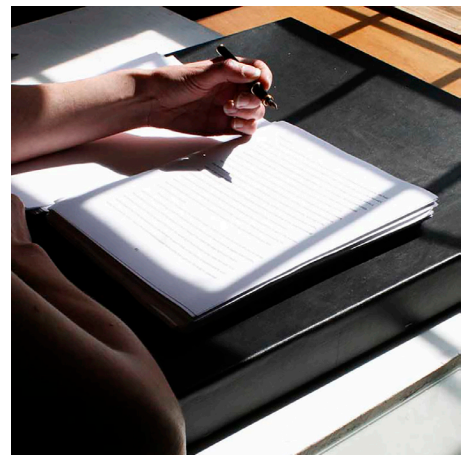

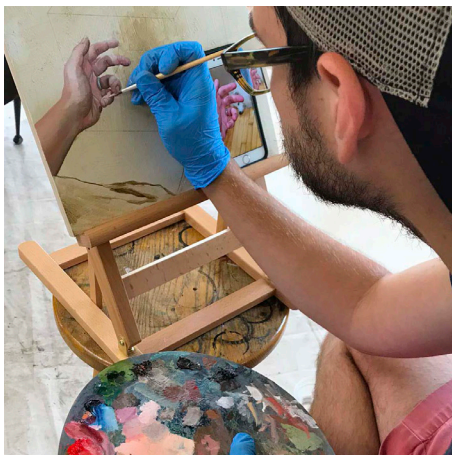

Taleamor Park hosts solo or duo self-directed residencies for a minimum of two weeks throughout the year. Residents must be 21 or over.

We welcome applications from artists, writers, scientists, humanists, scholars, and remote workers in all fields or from those with no specific

product-oriented project in mind other than to simply unwind, walk, and reset.

Taleamor Park offers a creative, contemplative, and safe environment free of distractions in which to pursue an artistic, scholarly, personal, or work-related project.

Situated in the heart of LaPrairie Farms, a 350-acre working farm, Taleamor Park lies between the towns of LaPorte and Rolling Prairie in northern Indiana. South Bend, and the University of Notre Dame, and Lake Michigan are close, and downtown Chicago is about an hour and a half away by car or commuter rail.
